**SERVICE FEE MEMORANDUM**

CP-12-13-05

**TO:** Office of Vocational Rehabilitation (OVR) Staff,  
CDPVT Director  
Client Assistance Program (CAP)

**FROM:** Charles W. Puckett, Central Office Administrator  
Systems and Fiscal Management Branch  
Patricia Cruse CO Administrator

**DATE:** March 1, 2013  
May 30, 2019 updated PCruse

**RE:** Frazier Rehab Institute, Neurorehab Program, (Employment Based Rehabilitation Services)

The purpose of the Service Fee Memorandum (SFM) is to outline the program guidelines, unit fee and total unit coverage for services provided Office of Vocational Rehabilitation (OVR) consumers by above referenced vendor.

**PRE-VOCATIONAL AND VOCATIONAL-BASED REHABILITATION SERVICES**

Since Carl D. Perkins Vocational Training Center (CDPVT) offers comparable services, OVR will not purchase Pre-Vocational and Vocational Based Rehabilitation Services that include physical therapy, neuropsychological services, occupational therapy, and speech therapy through Frazier Rehab Institute when these therapeutic interventions are directed toward the development of the individual's optimal level of functioning, community reintegration, TBI education, cognitive remediation, and preparation for employment when not task oriented for a specific job. Consumers who choose not to attend CDPVT may wish to explore alternative

funding from the Traumatic Brain Injury Trust Fund, or another comparable benefit source(s) for this phase of Frazier's Neurorehab program.

### **EMPLOYMENT BASED REHABILITATION SERVICES:**

The Office will only purchase Employment Based Rehabilitation Services (Return to Work) through Frazier's Neurorehabilitation program.

These services include:

- Vocational program identification, implementation and facilitation for Return to Work (RTW)
- Job site assessment and consultation;
- Work conditioning program;
- Physical Therapy (PT), Occupational Therapy (OT), psychology, speech therapy services directed/focused on RTW, vocational skills development, or vocational exploration;
- Visual perceptual skills assessment, remediation and compensation;
- Specialized ergonomic assessment for the work place and equipment needs;
- Consumer advocating for RTW transition and Americans With a Disability Act (ADA) accommodations;
- Employer education and training in Acquired Brain Injury (ABI) for specific consumers;
- Collaboration and training of job coach and job placement specialist to maximize consumer transition of services;
- Direct consultation and assessment with rehabilitation engineer;
- Transition and academic training with consumers and universities for ABI consumer's needs and accommodations
- Job skill development and vocational readiness
- Pre-driving skill development and
- Counseling and adjustment services for consumers returning to work.

**CPT Code 97537** Community/Work Reintegration Training at current Medicare rates **Per Unit** (15 minutes)

**Total Unit Coverage:** Up to 252 Units may be provided. Additional units may only be granted if approved by counselor based on report of problem area(s) found and suggested program of treatment as well as evaluation criteria for progress. They also may be covered over a longer duration if, in the specific situation, the longer duration will insure greater stability and job security.
